

WHAT IS IN-KIND?

In-kind is a gift from your family; it's a way to give back to your program. Our grants require us to match funds we receive through donations of time, money, materials, and services. This means we need help from parents and the local community to continue to operate our Head Start programs. Parent involvement in their child's education is key to their future success. In-kind is a great way to be involved!
